Prevent WNV

Use insect repellent when outdoors

If possible, wear light-colored, long-sleeved shirts and pants

Eliminate mosquito breeding grounds - drain sources of standing water

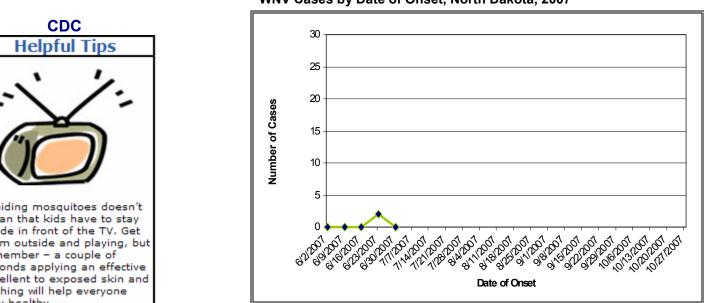

TOTAL REPORTED CASES

2

Asymptomatic blood donors: 0

Other Information 2 Female Male 0 Died 0 Hospitalized 1

WNV Cases by Date of Onset, North Dakota, 2007

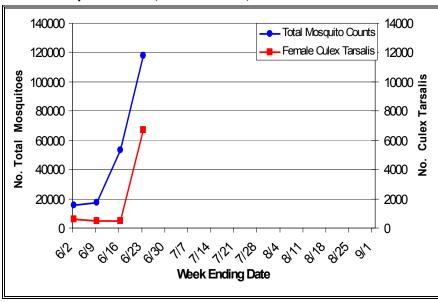

Avoiding mosquitoes doesn't mean that kids have to stay inside in front of the TV. Get them outside and playing, but remember – a couple of seconds applying an effective repellent to exposed skin and clothing will help everyone stay healthy.

MOSQUITO INFORMATION

Total Mosquito Counts, North Dakota, 2007

West Nile virus brochures and posters are available to order free-of-charge from the NDDoH, visit www.ndhealth.gov/wnv and go to educational materials.

Map shows the distribution of avian, animal, or mosquito infection occurring during 2007 with number of human cases if any, by state. If West Nile virus infection is reported to CDC from any area of a state, that

entire state is shaded.
